Declaration of Compliance

(Concerning Food Approval, Migration, and Traceability)

Regulation (**EC) No 10/2011** on plastic materials and articles intended to come into contact with food, and its amendments up to and including (**EC) No 2026/2412**

and

Regulation (EC) No 1935/2004 on materials and articles intended to come into contact with food, and its amendments up to and including (**EC) No 2019/1381**

and

Regulation (EC) No 2023/2006 on good manufacturing practice for materials and articles intended to come into contact with food, and its amendments up to and including (**EC) No 2025/351**

and

Regulation (EC) No 2022/1616 on recycled plastic materials and articles intended to come into contact with foods, and its amendments up to and including (**EC) No 2025/2269**

Packaging:	Blue and Black colored series EPS returnable plastic trays.
Material:	High Density Polyethylene - HDPE with color master batch. This material contains additives authorized by Regulation (EC) No 10/2011 regulated with a specific migration limit and may contain substances also authorized as food additives ("Dual use additives"): E170, E171, E172, E173, E570 and E551.
Storage:	From refrigerated and frozen conditions (minimum -25°C/ -13°F) up to room temperature. Technical storage time 3 months. Not suitable for additional production processes as pasteurization or sterilization or with artificial heating > 30°C. Suitable for outdoor applications.

Compliance has been verified by overall and specific migration testing applying a surface to volume ratio of 6 dm^2 per kg of food. The test conditions are selected worst case with the aqueous simulant's acetic acid and ethanol. The tests are performed in triplicate and the test with olive oil in quadruplicate by Intertek Laboratories, Netherlands. A risk assessment according to Article 19 of regulation (EC) No 10/2011 was performed for this product. Test results are within the defined overall and specific migration limits.

We therefor certify that all our packaging and packaging components to be used **for unpeeled and uncut fruit & vegetables and packed food products** complies with the requirements of the above legislation.

Our packaging is manufactured in compliance with good manufacturing practice so that, under their normal or foreseeable conditions of use, they do not migrate their constituents to foodstuffs in quantities which could:

- endanger human health,
- bring about an unacceptable change in the composition of the foodstuffs or a deterioration in the organoleptic characteristics thereof.

This declaration does not exempt you from the obligation and responsibility to check if our packaging is suitable for your product.

We will maintain adequate documentation of this certification for inspection by the authorities.
